Plenary Sessions

09:30-13:00

Poor quality housing pushes many ‘single women’ into energy vulnerability. Insights from diverse contexts probe the challenges and possible solutions.

- **Welcome & WISE Overview**

- **Affordable housing as a way to include single women in beautiful and sustainable communities (New European Bauhaus Satellite Event) / Ana Stojilovska, ELTE Centre for Social Sciences / Alice Corovessi, INZEB**
- **WISE Country Insights: Bulgaria, Greece, Hungary, Italy**

16:00-18:00

WISE confirms that ‘single women’ are widely overlooked in policy. This final session investigates why and who else is at risk.

- **Already excluded: Who is being left out by EU policies for a just, clean energy transition? / Harriet Thomson, University of Glasgow, Marilyn Smith, EnAct**
- **WISE Country Insights: Croatia, France, Netherlands**
